MASON PHOTOGRAPHY

Let today's captured moments become tomorrow's precious memories.

In the frantic rush of everyday life, it's hard to find moments to slow down and just enjoy being together. Mason Photography location portraiture sessions allow you to do just that - relax, and be yourselves.

We observe the magic of people being together, and capture that spark of individuality - the essence of character.

Above all, our portraiture shoots are all about you having fun, and creating memories you can relive time and again.

We shoot on location, in your home or somewhere special to you - which apart from the convenience, also critically means that every portraiture session is different - informed by its varied environment, and is as genuinely unique as the people within it. You see, we understand that as each of our clients is different, so we believe each portraiture shoot should be too.

As photographers, parents and favourite aunt and uncle* we have a whole lot of experience of working with, relating to (and often being) children. It's about trust. It's about allowing time and space for them to become comfortable with us. We understand that by engaging with children on their terms, and making the sessions fun experiences, our shoots are relaxed and enjoyable for all.

The result - precious time together and stunning images you can keep for a lifetime.

*we like to think!

Stunning Images, Tailored Service.

Just as each of our shoots is unique, so are our products. A diverse range designed to truly capture the essence of a shoot - bespoke products that can be tailored to compliment whichever space you have in mind.

From stunning bespoke frames, beautiful handbound books, to contemporary multi-acrylics that offer an instant splash of life to a space - transporting you back to a magical time spent with your family.

Like those on Saville Row, we are a boutique business offering a genuinely tailored service. Our friendly approach means that you are always comfortable, knowing what to expect and when. We don't believe in big impersonal sales teams, the 'hard sell' or offers with lots of small print.

For us its about capturing the magic of people being together, creating images that encapsulate a unique and precious time in family life. Do get in touch - we'd love the chance to be able to give you the service enjoyed by our previous clients:

“What can I say.... I am absolutely thrilled with the end product. These photographs mean the world to me. Thank you, for so beautifully capturing a very very special time in our lives.” JP

“I am absolutely blown away by every single shot!!!! This is everything and more than I could have hoped for. You have done a wonderful job and I am so SO thrilled. I can't thank you enough.” SR

Comments like that mean the world to us, and is why portrait photography is so much more than just a job for us – it really is a passion.
